NICET I & II: 2024

Prepare for the NICET® Certification exams. Learn test-taking strategies. Review reference materials needed to maximize the NICET test experience. This class is helpful to personnel working in the fire alarm industry who engage in a combination of fire alarm system activities including layout, equipment selection, installation, acceptance testing, troubleshooting and servicing.

NICET Level I is for trainees and entry-level technicians who perform limited job tasks under frequent supervision.

NICET Level II is for technicians who perform routine tasks under general daily supervision.

NTT teaches testing methods and content that trains the employee on how to develop strategies that can create success for NICET. Fire alarm system plans and specifications are required by the National Fire Alarm Code ® (NFPA 72), to be developed by those persons experienced in the proper design, application, installation and testing of fire alarm systems.

WHAT THIS COURSE COVERS

- System Layout and Installation
- System Equipment Selection
- System Acceptance Testing
- System Servicing and Troubleshooting
- Applicable Codes and Standards
- Types of Signaling Systems
- Supervision Requirements
- Fire Alarm System Components
- Building Occupancy Considerations
- Physical Science Fundamentals

COURSE OUTCOMES

- Pass NICET Level I Practice Exam
- Pass NICET Level II Practice Exam
- Certification: This training program is designed to lead to NICET Level I or II certification through NICET. Testing for this certification is administered by Pearson VUE.

WHO SHOULD TAKE THIS

- Trainees \ Technicians Already Familiar with Fire Alarm Codes, Installation, Servicing and Layout Drawings.
- Technicians Ready to Take the Level II Certification For NICET.

COURSE AGENDA

- Introduction
- NICET Certification
- Definitions and Tests
- NICET Level I Content: Maintenance
- NICET Level II Content: Installation
- NICET Level II Content: Maintenance
- NICET Level II Content: Submittal Preparation and System Layout
- NICET Level II Content: Management and Supervision
